To whom this may concern,

I write to recommend Ira Toles for a scholarship. Throughout my time as Ira's academic advisor, he has shown commitment to his academic success by reaching out and seeking support and resources. Ira is a great communicator that advocates for his needs. I believe that these are qualities that will aid in Ira's success not only academically but also, personally and professionally.

Ira is pursuing an Associate Degree in Computer Support and Network Administration. This student's commitment to furthering his education and goal of becoming a Network Engineer is commendable. Being awarded a scholarship would be a great benefit to Ira as he continues his educational goals at Minneapolis College. His self-advocacy, persistence, and professionalism are qualities of the type of student that embodies what Minneapolis College is all about and what the industry needs.

I appreciate your time and consideration of this request. If you have any questions, please feel free to email me at Neangela.Edwards@mMinneapolis.edu.

Sincerely,

Ne'Angela Edwards, M.S.
Academic Advisor
Minneapolis College
